OAKHAVEN HOME OPENS EASTER SUNDAY

BEVERLY HILLS GIRL ATTAINS DANCER'S FAME

Marion Winnie engaged by Russian Ballet Troupe For Series Of Engagements

TO JOIN CIVIC OPERA SOON

Miss Marion Winnie, of 11553 Church street, a local dancer who has won many laurels through her delineation of the terpsichorean art, is about to sail abroad to culminate the height of ambition in this delightful field. She departs April 16 from the Ridge district to New York city. She will take the steamer, Vestris, for Rio de Janerio, Brazil, where she has been engaged to appear with the Imperial Russian ballet at the Municipal Theatre under tutelage of Pavly Oukranski, formerly the instructor of the ballet in Petrograd, Russia.

This group of dancers are internationally famous and have played in all the larger theatres in Europe. The history of their successes reads like fiction, however, it is based upon facts, poignant and startling. Reversal of government ideals in Russia at one time caused this troupe to suffer many inconveniences. They were forced to do their act in a cold theatre with but little food; obeying the whims of a radical leader of politics and a rabid mob of bolshevik admirers. Today their worries are over, as they sail the blue sea of a successful tour in foreign countries.

Miss Winnie, a Chicago girl and a Ridge school girl, is one of the most prominent members of the troupe and her success as a dancer of international fame is assured. The itinerary of this group includes, Brazil, Uraguay and Argentine in South America; thence, upon returning to the United States, Miss Winnie will join the Chicago Civic Opera company, where she will depict a series of classic poses and dances at each performance.

This diminutive danseuse has just finished an important role with the San Carlos grand opera and her rise to fame with the Imperial Russian ballet troupe is based upon meritorious work, which has attracted much attention in the higher circles of intrepretive dancers.

A farewell reception and many beautiful presents were given Miss Winnie, Monday evening at her home and at the train.

Many relatives and friends attended among who were:

Mr. and Mrs. Chas, Odenthal and family, Mr. and Mrs. Emil H. Dohrman and family, Mr. and Mrs. Edw. Frisk, Mr. and Mrs. Ivan Volp and family all of Blue Isand; Mr. and Mrs. John Reuss and family of Morgan Park; Mr. and Mrs. Milton P. Winnie and family and Mr. and Mrs. Irving D. Winnie of Chicago; Mr. and Mrs. David Lyons of Lake Shore Drive; Mr. and Mrs. Walter C. Winnie of Chicago; Mr. and Mrs. Herman Staedke of Chicago; Mrs. J. R. Donaldson of Morgan Park; Mrs. Walter W. Winnie of Chicago.

Miss Winnie joins the Chicago Civic Opera immediately on her arrival in Chicago this Fall.

McKINLAY TELLS RIDGE RESIDENTS OF IMPROVEMENT

The following statement from Alderman McKinley, explains the improvement program:

"As you know," writes McKinlay, "the Board of Local Improvements recently approved the paving of West 111th St. from Western to California Avenues, and we were all gratified by its action in so doing. This stretch has been in terrible condition and has obstructed the tremendous condition and has obstructed the tremendous traffic which goes from Western Ave. to the various cemeteries, and to the paved County highway on West 111th St. I had worked very hard to get this improvement put through and was greatly disappointed when the protest signed by a majority of the frontage was filed. This protest, if adhered to, would have held up the improvement for a year.

"The protest was signed by real estate men and others who own about 2500 feet of frontage, though the individual home owners did not protest. Among the signers was Frederick A. Hill, a real estate man of Austin and Oak Park, who owns 650 feet of frontage.

"Realizing that the withdrawal of Mr. Hill's frontage would permit the improvement to proceed, I immediately got in touch with him and have persuaded him to withdraw his objection. This has now been done and I am glad to say that the protest has been placed on file and the paving of the street will proceed. Mr. Hill states, in his withdrawal, that he did not understand the circumstances and

ROCK ISLAND MAN TALKS TO HEADS OF LOCAL FIRMS

Business Men's Meeting Well Attended and Predominating Questions Discussed

SET A "CLEAN-UP" DATE

The Morgan Park Business and Improvement association held their regular monthly meeting, April 14, at the Kiskadden realty office on Hale avenue.

Mr. Bailey, president of the organization called the meeting to order at 8 p. m. and the regular routine was dispatched quickly. Several minor reports relating to conditions in the vicinity were made and placed on record. The planting of some sort of shrubbery or hardy preenial flower to beautify the unsightly spots was discussed. The time for the membership drive was extended until the June meeting. The body has the assurance the brick streets, in this portion of the city will be repaired as quickly as possible.

The organization, also recommended a "clean-up" week on May 21, at which time a special effort will be made to clear away all refuse which has collected during the winter.

W. J. Leahy, asst. general passenger agent of the Rock Island lines, the principal speaker of the evening made a very instructive talk upon transportation facilities along the Ridge. As a neighbor and friend aside from his official capacity with the Rock Island, Mr. Leahy, announced that he would like very much to see the era of electrification for all suburban lines, but, he added, that time is far remote. He was not prepared to answer definitely when the plan would take effect.

COLLINS TAKES PARTNER

Mr. A. H. Hall, 10509 Wood St., traffic manager for the Chicago Bridge & Iron Works has closed the partnership deal with Mr. C. A. Collins of the Morgan Park Printing Co. The new firm begins business May 1.

BABY CONTEST ON GREAT INTEREST ALREADY SHOWN

The Ridge baby contest, which was announced in last week's issue of the Star, has aroused considerable interest and already quite a number of entries have been received.

It was the intention to print pictures of the little contestants in this week's paper, but a delay in having the cuts made has made this impossible and they will be printed in a later issue.

A change in the manner of conducting the contest has been necessary. Through a misunderstanding of the arrangements made by the studio representation we announced that the Morgan Park Woman's Club was sponsoring the contest. This, Mrs. Bremer, president of the club, informs us is not the case although individual members of the club had been consulted and had given their consent. "We have no objection to such a contest being held here," Mrs. Bremer stated, "but for obvious reasons the club, as a body, can not afford to stand sponsor for it."

This division on the part of the Woman's Club, while a disappointment, will have no effect on the contest other than to necessitate the naming a new set of judges, and this list will be printed next week. The Swisher Studio will carry on the contest from their downtown address on the lines laid down originally and under the direct supervision of the head of the firm. Mr. Perry, the former contest manager, will have no part in the selection of judges or in the contest. The coupons are to be used as stated and the prizes remain the same.

It was not the intention of the Suburban Star, or the manager of the Swisher Studio, to take an undue advantage of any particular organization or person, and the editor regrets exceedingly that through misconception the name of the Morgan Park Woman's Club was used in the initial announcement.

The contest, however, is a fact, so don't delay sending in your entries.

Engagement Announced

Mr. and Mrs. W. E. Webbe, 1928 W. 102nd St. announce the engagement of their sister Alice Vivian to Herbert E. Edison of Downer's Grove. The wedding will take place early in May.

Woodman of 6808 Normal Blvd., lovingly called "Mother of Oakhaven" because she started it, will be hostess with the members of the Board and presidents of the five auxiliaries which are: Mrs. H. A. Morgan of Englewood, Miss Cora Belle Rice of Woodlawn, Mrs. Godfrey of Bryn Mawr, Mrs. Wm. Severns of Hyde Park and Mrs. E. R. Gable of the Ridge.

Mrs. Gable and her auxiliary will serve afternoon tea and the above ladies will also serve at the tea tables.

Forty guides will take the visitors around the home, pointing out the carefully considered comforts and architectural niceties which make Oakhaven unusual among homes.

They will show how privacy is insured by leaving no two doors opposite one another; the four rooms with electric plates where the old people my make afternoon tea for themselves and guests and also have home-made marmalades from the shelves laden by generous friends; the room in the basement where the old men may smoke, play games and (sh! keep it dark) where they can get away from the old ladies occassionally.

The home is Colonial in design, furnishings and in every detail. It's exquisitely proportioned and spacious living room has two large fireplaces,

SCOUT NEWS

There is room for just 7 more boys to go to Springs Camp, period, April 26th to May 5th, at a total cost of $5.00 per boy. All boys desiring to go must get their applications in this coming week.

Applications are rapidly coming in to the District Office for Summer Camp and troops are urged to get their reservations in as promptly as possible so that they may be sure of the particular period which they desire. As previously advised, if the question of finances presents a barrier to your boys going to camp, get in touch with the District Office and some plan can be formulated which will make it possible for every boy to take advantage of this wonderful camp this summer during the following periods: June 23 to July 5; July 7-19; July 21-Aug. 2; Aug. 4-16; Aug 18-30.

The Community Good Turn Banner for the month of February was awarded to Troop 631, Atonement Evangelical Lutheran Church, 70th and Laflin Streets (Auburn Park Community), Carl F. Sandberg, Scoutmaster. among the Good Turns reported by the Troop were the following:

"Two members played their violins at the Old Ladies' Home and at the Washington Celebration at school. One scout staved home from the troop hike to take care of his little brother and sister. One scout put out a fire in an alley. Another noticed after he had walked a block away from the store that the storekeeper had cheated himself, so the Scout walked back and gave him the change. A number reported that they had shoveled snow and cleaned ice from the sidewalks, helped with the dishes and cooking at home, etc. One 'stopped a fight,' another helped a little boy out of a hole in the ice, another 'did the dishes and shined the silver.' The outstanding feature of the report from this troop was the daily practice by the individual members of the Troop of the 3rd Scout Law—'A Scout is helpful. He must be prepare at any time to save life, help injured persons, and share the home duties. He must do at least one good turn to somebody every day.

Mah Jongg Artists Have A Chance Now

by "McDonnell"

With apologies to L. L. Harr.

Until the past few years the game was practically unknown to Europeans and Americans. Even those residing in Shanghi, Peking and other Treaty Ports in China knew very little of the playing of it, though the Chinese about them had been playing the game for years.

This was due to the tiles being marked with Chinese characters and also to the great verity of rules in the play of the game. Practically every Chinese club in the larger cities had their own set of rules, each different in many respects from the others. So it was that the great majority of foreigners had to wait until the game was translated, and the many different rules standardized, before they could learn the "Game of a Hundred Intelligences."

The fundamentals of the game are so simple that children of seven to ten years of age readily learn it, and require only practice to play easily. The science of Pung Chow, however, must in the greater part be studied by each individual player, and one ma yeasily spend the remainder of his life in attaining past-mastery in its thousandfold intricacies.

We shall procede by describing the different tiles with which you will play. The game is played with 144 tiles, which are divided into four distinct and separate suits. These four suits are called the Bamboo, Circle, character and Honor suits.

The first three of these suits score equally and are arranged in the same manner, thus there are 36 tiles in each, numbering from one to nine, and there are four tiles of each numeral.

The fourth suit, known as the honor suit, is divided into three parts: the Draggons, the Winds, and the Seasons and Flowers. Of the Draggons, there are four each of three different colors, the Red, the Green and the White draggons. The winds are North, South, East and West, with four tiles alike of each. The Seasons and Flowers are eight in number, but as they are seldom used—and practically never by expert players—they are discussed in a later lesson.

The Procedure of Play

Pung Chow or Mah Jongg, is played by thoroughly shuffling all of the tiles face down on the table. Each of the four players pick at random 36 tiles and build them into a straight wall in front them 18 tiles long and two tiles high (tiles remaining face down). Each player now pushes his own wall toward the center of the table meeting the walls of the other players, thus forming a square in the center of the table. We now have what is called the wall of China.

Man Who Hates Flowers Cornered by a Woman

"Persons who love flowers," complained the man who doesn't, says a writer in the New York Sun and Globe, "are the most inconsiderate beings in the world.

"I hate flowers, you know. I loathe and despise 'em. Maybe I'm depraved, but that's my honest taste. I try to like them, but I can't. Looking at them isn't so bad, but I detest the smell of them; it makes me sick.

"But does anybody think of this when happens to have flowers? Let some women get flowers in their hands and immediately they begin sticking them into the noses of everybody in sight and demanding to know if they aren't the sweetest things ever. It doesn't do any good to try to wriggle away or hold your head back or turn your cheek into the flowers instead of your nose. Those women can aim at a pair of nostrils ten feet away and never miss.

"You hold your breath in self-defense. Your poor nose you permit to lie in the suffocating mess for what you consider a reasonable length of time. Then you withdraw it smiling and murmuring that they certainly are the sweetest things ever. You just start to breathe again, and then the woman thrusts those obnoxious growths right smack at your nose again."—New York Sun and Globe.

A Slight Error

A London man went home at 2 a. m. To avoid waking his wife he removed his boots. This didn't seem to help matters much, so he took his socks off, too, and finally most of his clothes.

He stepped up the stairs gingerly in this state, and when he reached the top found himself in Waterloo station.

American Collected Hair of Famous Poets

The lock of Milton's hair which is being offered for sale by a New York rare book dealer for $1,000 is the tress which was successively in the possession of Addison, Doctor Johnson, John Hoole and Leigh Hunt, and was immortalized in verse by the latter, as well as by Keats and Elizabeth Barrett Browning. At last it found its way to America, but the States have long had first-hand knowledge of it. It was in 1857 that Bayard Taylor wrote a letter, which appeared in the New York Tribune, telling of a visit to Leigh Hunt in his modest cottage at Hammersmith. The poet showed him the hair in question.

"Could it really have been shorn from Milton's head?" asked Mr. Taylor.

"Touch it and you will have touched Milton's self," replied Leigh Hunt.

The visitor touched it, murmuring his host's own line—

There is a life in hair, though it be dead.

Leigh Hunt had then a remarkable collection of locks from the heads of poets and others, which Bayard Taylor described at the time. Milton's he said, was a thin tuft of brown silky fibers; Shelley's was gold and very soft. That from the head of Keats was bright brown, curling in large Bacchic rings. Doctor Johnson's hair was gray, with a harsh, wiry feel, and Dean Swift's both brown and gray, but finer, denoting a more sensitive organization. The Charles Lamb tress was reddish brown, short and strong.—Manchester Guardian.

Chestnut Venders Join Ranks of Profiteers

The chestnut venders with their saucepans and charcoal fires are perhaps the latest recruits to the ranks of the profiteers. Doubtless they can present excellent economic arguments to justify the high price of chestnuts this season. To the average man on the street, however, the new scale of prices for roast chestnuts just announced comes as a shock. Within the last few days scores of these venders have taken their places once more on the street corners and one rushes to them as to an old friend. A glance at the familiar stand reveals the same little tin measure as of old, but the good old days of five-cent purchases are gone. The smallest of the measures often are a quarter, and a slightly larger size is 40 cents. The roast chestnut has become a luxury. Meanwhile the proportion of worms has increased. After emptying a bag of chestnuts the other day, it was discovered that the worms had cost nearly a nickel apiece.—New York Times.

PAINTING SMALL CAR BY AMATEUR

Cost of Renovation in Various Cases, Apart From Time, Is Not Heavy.

(By ERWIN GREER, President Greer College of Automotive Engineering, Chicago.)

Car painting by amateurs is quite the fashion nowadays. Small car owners will be glad to hear that the cost of renovating a car in various cases, apart from the questions of his own labor and time, is not at all heavy. For a one-coat job the cost of enamel, brush and cleaning materials is well under $5, while a complete renovation (three-coat work) or changing the color need not cost very much more and leave a good quantity of material over for retouching purposes. This figure is on the ample side and allows for the very best material. Car renovation is a case where only the best materials should be employed, and the amateur should insist upon obtaining first-class enamel.

Wide Range of Colors.

The work is easily carried out, and excellent results may be obtained. As to the choice of color, a very wide range is available, including the popular grays, blues of all shades, greens, reds, dark browns, yellows, whites, creams, and black. In the majority of cases where car renovation is necessary it will be found a very simple matter. When cars have been stored, it may be found that the paint work has entirely lost its gloss and presents a dull and dirty appearance. Provided the surface is in fairly good condition, all that may be necessary is to give the car one coat of enamel.

The body work and chassis should first be cleaned with turpentine or gasoline to remove any grease. Prepare a pail of hot water to which some common washing soda has been added (not too much soda should be used, about one ounce to a gallon of water being sufficient.) Take a piece of flat felt and dip it in the hot soda water and then in finest pumice dust, and scour down well with this, doing about three feet of the body work at a time until the car is completely rubbed over. All pumice dust should be removed with clean cold water and a chamois.

Touch Up Dents.

When dry touch up any scratches or dents with paint and fill in with a suitable stopping paste. After the stopping paste is dry it should be rubbed over smoothly with a piece of fine sandpaper and all dust washed off. A coat of gloss enamel should be applied and the job is completed.

Wabbling Hind Wheel Is "Eyesore" to Any Driver

If there's one thing that's bound to catch the eye of any driver, no matter how unobserving otherwise, it's a wabbling hind wheel of a car ahead or the crippled front "roller" of a machine approaching. All who witness these premonitions of danger prophesy trouble ahead for the owner.

But the owner seldom learns the truth about the condition of his own wheels because he is busy speculating about the crooked courses the wheels of passing cars are taking.

Sell Sparrows as Canaries

Two bird dealers of New York city dyed more than 1,000 English sparrows yellow and sold them to residents in the Bronx for Harz mountain canaries.

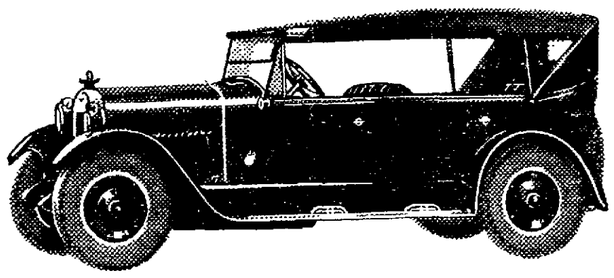
JAUNTY MODELS IN CARS FOR DRIVERS SHOW NEW FEATURES



A jaunty model, completely equipped and having balloon tires as standard equipment, made its bow this week when the "T-6 Special" Touring Reo was announced by the Reo Motor Car Company. This model which replaces the Phaeton Reo is the first of the popular line of passenger cars on which balloon tires have been made standard. Reo has been offering balloon tires as optional or selective equipment at additional cost, on all closed cars for several months.

Mechanically the T-6 Special Touring, as its name indicates has for its power unit the time-tried and refined T-6 engine on which the Reo Motor Car Company has standardized for its passenger line and its taxicab. The chassis, too, is the standard mounting for both the open and closed Reos, including such features as the double-frame seating for the engine, dual foot control, and oversized brakes.

Two options are offered with the new model. It may be finished either in the standard Reo Blue or in the color known as Reo Deep Gray. Its upholstery may be either a gray Spanish leather or the standard black leather.

The lines of the model, suggesting a thoroughbred, alert and filled with energy, were designated to express outwardly the mechanical characteristics and ability of the Reo. The low-hanging effect not only adds to the car's road-holding tendency, but also expresses this characteristic of the model. It also has other prominent features.

New Automobiles In Ridge District

Loro Gooch, 11113 Hoyne Ave., is driving a new Buick sedan.

A. T. Davis, 8936 Hoyne Ave., has a new five passenger Buick touring car.

Miss Mary Thompson, mathamatic and history teacher at Morgan Park High school has a new Ford sedan.

Mrs. F. H. Harrison, 10947 Homewood Ave., has a new seven passenger Reo sedan.

Spark Lever Intended to Control Ignition Timer

The spark lever is for controlling the ignition timer or breaker which causes quick impulses of high-tension current to pass through insulated wires to the sparkplugs. When the spark lever is retarded the timber is in a position where the contact points separate and send current to the plugs just at or a little past beginning of power stroke of each piston. When spark lever is advanced the timer moves to a corresponding position, creating impulses before each piston reaches beginning of power stroke, when the engine develops more power and speed.

Piston Ring Guide

A steel ring just the diameter of the cylinder bore of one end and tapered off at the other until it is just large enough to slip over the piston ring makes it easy to get a piston back in the cylinder, obviating, as it does, catching of the rings.

Clean With Kerosene

Soap and water sometimes will not remove the grease spots and other marks on the running boards or the floor boards. The best way to clean these is with a rag saturated with kerosene.

Window in Car Ahead Is Help to Avoid Crashes

The glass window light in the back curtain of the car ahead can be very useful. Through it a lot of dangers can be seen in advance, much to the advantage of the man who is in the wake.

Where cars are running abreast of each other so that the road cannot be seen by looking around the car ahead, it is best to drive just far enough in back of the other car to look through its window light and windshield at the street ahead. When a quick stop is necessary the stopping of the car ahead will not be unexpected—nor so dangerous.

In close congestion where cars are moving very slowly, and only a few feet at a time, the stop signal can be saved a lot of unnecessary flashing, and the battery current saved, if the driver would use his emergency brake.

AUTOMOBILE NEWS

Backlash, when in the steering column itself, is usually due to depreciation of the gearing and wear in the various members which support the column.

* * *

A dynamo is a machine for converting mechanical energy into an electrical current; a starting motor transforms the electrical current into mechanical energy.

* * *

When spark plugs habitually become fouled with oil and soot it is a good plan to investigate and see whether they may not be projecting too far into the combustion chamber.

Road to Fortune

The road to fortune is comparatively unobstructed. Such multitudes of people are carefully keeping out of the way of those who are traveling it.

EASTER SERVICES AT HEIGHTS WILL BE IMPRESSIVE

Special Program Is Arranged At The Methodist Church Which Includes Baptismal

PAGEANT: MAIN FEATURE

The next red letter day in the Washington Heights Methodist Episcopal Church will take place Sunday, April 29, 1923. There will be given special appropriate services in observation of Eastertide, at all the services. In the morning at the Sunday School, there will be adult Decision Day, in which an opportunity will be given to scholars to make a definite decision for Jesus Christ. The co-operation of teachers and parents are asked in order that the seriousness and the importance of this event may not be slighted.

There will be a baptismal service for children and adults at the morning worship. At the same hour the doors of the confession of faith, or from probation. Mr. F. J. Troughton, chorister is preparing special music, consisting of choruses, solos and duets appropriate for Easter.

The minister will deliver a special Easter message, whose subject will be, "The Significance of Easter."

Doubtless the biggest features of the services of the day will be the pageant, "Flowers of His Garden," which will be rendered in the evening by the Sunday School scholars. This a very impressive presentation, which gives a beautiful and true portrayal of the Easter event—the resurrection of our Master and Lord. The order of the pageant with the cast of characters and each part appears as follows:

Opening Services:—Song, Scripture Reading, Prayer; Reading, Violet Lucas; Pageant, Proper, "The Flowers of His Garden." Spirit of Garden, Bernice Leonard; Victory, Ruth Richards; Unbelief, Elizabeth Bradford; Sorrow, Annie Smith; Fear, Ruth Gustafson; Love, Florence Simons; Hope, Ione Bradford; Angel, Vellma Richards; Memory, Bernice Simons.

The Three Marys—Ethel Winn, Dorothy Groundwater, Edith Winn.

Rose Girls—Carol Luther, Dorothy Troughton, Edith Grieshaber, Virginia Richards, Dorothy Doyle, Gertrude Carney, Harriet Christanson.

Easter Messengers—Anna Kramer, Bernice Danielson, Lucile Zick, May Lucas, Saddie Floyd, Annie Smith.

Blossoms of Hope—Marian Simons, Lorraine Danielson, Arthur Elmer, Quinten Lucas, Margaret Welker, Helen Chaffee, Jean Johnson, Edith Bartlett, Milton Ramsey.

The committee in charge of the training of the children and directing the pageant consists of Mrs. H. W. Chafee, chairman, Mrs. Hattie Groundwater, and Mrs. J. H. Myers. To these there is due the worthy and considerable of all those interested in the presentation of the pageant.

That Shut Him Up

An eloquent politician was constantly interrupted by a man in the crowd, who kept on shouting out "Liar!"

After about the twentieth repetition the speaker paused and fixed his eye on his tormentor.

"If the gentleman who persists in interrupting," he said, "will be good enough to tell us his name, instead of merely shouting out his profession, I am sure we shall all be pleased to take his acquaintance."

Girl's To Supervise Edition Of Paper

Girl's Week, April 21-27, will be all that the name implies at Morgan Park High School. The girls will practically run the high school.

The girls will gather news and edit the "Empehi News," the school paper; they will stage a fire-drill, acting as marshals and captains; supervise the cleaning of the corridors; hold a locker inspection; act as messengers and run errands usually taken care of by the boys.

On Tuesday and Wednesday from 2 to 3:30 p. m. in room 301, they will hold an exhibit of work done by the girls in the Home Economics and Art Departments at which friends and relatives are cordially invited and urged to visit.

Wednesday afternoon a number of the girls will attend the Chicago Symphony Orchestra for girls at Orchestra Hall. Friday afternoon they will hold a Girl's Assembly in the hall at which time Miss Margaret Herdman, of the Collegiate Bureau will talk on, "Occupational Opportunities for Women." Miss Martha Rathje, vice-president of the Students Association will preside.

Francis Baker, who won second place in the State Musical contest last fall will give a Piano Solo, the Girl's Glee Club will sing and be conducted by one of their own members; Jeanette Walker, concert master and 1st violinist will also give a selection.

Clock Feeds Poultry

Poultry can be supplied with grain automatically at any desired time from a feeder operated by an alarm clock. The apparatus scatters the material in proper amounts over a 20 foot space, insuring the fowls sufficient exercise in gathering it. A switch attachment can also be made to turn electric lights on and off without interfering with the feeding mechanism. The device can be hung to the ceiling of a coop or placed over a yard, and is designed to do away with much of the care required from attendants. It is claimed that it can be filled and set for work in a few minutes. — Popular Mechanics Magazine.

Foolish Question

The fussy old gentleman was watching a gang of men engaged in piling into heaps the snow from a street in a Derbyshire town.

"What do you do with all these heaps?" he asked.

"Burn them," was the reply.

HIGH SCHOOL BOYS TAKE SHORT END OF SCORE MONDAY

Morgan Parks baseball team lost their first game to Parker last Monday by a score of 14 to 8.

At the start it looked like Morgan Park's game. They brought in three runs to Parker's one in the first inning and then the "Empehi" boys dropped easy flies, muffed grounders and threw the ball wild and let Parker score almost at will.

It was anything but baseball weather and the boys came in to bat with chattering teeth and both coaches were about ready to call the game in the fifth inning.

Congregation Brayed

One of the quaintest ceremonies of the Middle ages was that of the Feast of the Ass, which was celebrated annually January 14, in order to commemorate the Flight into Egypt.

The proceedings began with a procession, in which a beautiful girl, holding a child in her arms, and seated on an ass, was led through the streets to church.

On arrival at the church the ass and its burden were placed near the high altar, while the usual religious services were performed. But instead of the usual responses the people imitated the braying of an ass, and at the close of the service the priest brayed three times by way of benediction, and was answered in the same manner by the congregation.—London Answers.

Alderman Tells of Newest Improvements

the great need of the paving of this half-mile and that he has withdrawn his protest because he does not desire to obstruct any needy public improvements.

"I am also pleased to say that three other very needy public improvements which I have been pushing as much as possible, were yesterday passed by the Board of Local Improvements. They are as follows:

"Paving of 107th St. from Vincennes Ave. to Hoyne, which will give a decent East and West street thorough the Belmont District and across the Rock Island Suburban tracks.

"Paving of the system of streets in the vicinity of 101st and Robey Sts.

"Paving of the so-called Bishop St. system between 83rd and 87th Sts.

"I am now trying to hurry the completion of the Ordinance for the paving of 91st St. from Western Avenue to Vincennes Avenue. This is a half-section line which, when improved, will give a much needed connection between the Ridge District and Vincennes Road."

The Maid's Text

It was the rule at the vicarage that every one should repeat a chosen text of Scripture before breakfast every Sunday morning.

It came to the turn of a very timid little housemaid to repeat the chosen text, which was, "I am fearfully and wonderfully made."

In her nervousness the poor girl blurted out, "I am a fearful and wonderful maid."

Aim Higher.

The best you have ever done is not good enough to be your ideal for the future.—Boston Transcript.

Leahy Talks About The Suburban Service

(Continued from page 1)

The executive spoke at length upon the improved condition of equipment and answered questions regarding the service in a satisfactory manner to members of the association. A comparative statement of other suburban lines show the Rock Island is maintaining an excellent standard and are constantly improving their service for the benefit of the commuter. Trainmen are instructed to carry on the program set forth by their department heads and very little friction is in evidence.

The congestion of traffic is not between Morgan Park and downtown, but the delays, as stated by Mr. Leahy, are made from Englewood into the La Salle street station. This cannot be remedied on account of so many cross-overs on the line. A third rail system for express service has been discussed and brought before the rail heads as a possible solution to expidite the service downtown.

The time tables, which have caused so much comment are to be changed, according to advises from Mr. Leahy, as soon as the new card comes into effect, May 27, on the daylight savings basis. The card will be printed from the new time instead of central standard time, as heretofor. Mr. Leahy, at this time paid a tribute to his employees for their faithful discharge of duty.

The question was asked, which station between Blue Island and Englewood furnish the majority of ticket sales and the railroad man answered in favor of Morgan Park. Several interrogations were made concerning the erection of a new station at Morgan Park, however, Mr. Leahy, advised the money be spent for increasing the service rather than for station purposes. The Insull plan was also discussed freely among the members of the association.

Other committees reporting to the president were in order and the sports committee offered the proposal of securing a twenty acre tract on Western avenue for baseball and tennis playing this season. The question was discussed at length and finally placed upon the table for further action.

The sentiment against Sunday baseball was expressed freely by many of those men present and the contention was for clean sports and an order to keep Morgan Park free from the stigma of professional gambling in connection with sports of any nature.

The snow plowing and weed cutting program received its finale at the meeting and several bills were read in connection with the same, The organization went on record as being in favor of widening Monterey avenue from Western to Vincennes, in an effort to establish a modern thoroughfare connecting lines into Jackson Park and the lake front. This measure met with undivided approval.

G. F. Blood, read the treasurer's report in detail, which was accepted with minor alterations. The report shows a surplus.

The meeting adjourned at a late hour.

HIGH SCHOOL STUDENTS WIN NEWS TROPHY

Primm; Speed King Sends Sixty Letters In Eighteen Seconds Near Record

SECOND TIME WINNERS

For the second time in two years, the Morgan Park competitive drill team from the signal department of the R. O. T. C., have won the Daily News championship cup. This aggregation stood at the top of the list in the competition at Lane Tech school Saturday. Five gold medals were won by the men of the team. This school was in the winning class for the past four years and constant practice in the signal department has developed a world beater in the cadet class.

Ronald Primm, of the Morgan Park team was the fastest sender of the entire meet. The teams were scored on the total points made by each five in sending and receiving messages. Speed and accuracy were the essentials and due to the lightning light flashes of Primm, the Morgan Parker, this school was able to maintain a lead over all others, totalling 2195 in sending and receiving.

The winning local team was composed of Ronald Primm, who sent sixty letters in eighteen seconds, who made the best time of the meet. Ronald Innes, Ralph Hovey, Louis Olson and Chas. Boggess, are the other members of the team who share first honors with Primm. Chas. Boggess was high point winner.

Each lad will receive a gold medal with their names engraved on them, as winners of the city championship. The judges were: Capt. H. A. White, Lt. O. N. Taylor and Lt. G. G. Lorentz.

Members of a former championship teams, aided the judges in marking they scores. Dwight Mellon, a member of the 1922 championship team from Morgan Park acted in an official capacity.

Unusual interest was displayed as the speed merchants exhibited their wares.

The high school students are in exhuberant spirits over the success of their team.

The sounds emanating from the club house at 6405 Hermitage ave. last Thursday night were not the first rehearsal of a newly formed male chorus, but the fathers of the members of Boys' Club No. 4 singing at the eighth annual fathers and sons celebration of the club. The songs may not have been as mellow as those of the youngsters of years ago who gathered on the corner to harmonize "Sweet Adeline," but the spirit of the "old gang" still lived.

Perhaps the supper served by the West Englewood Mothers' club had something to do with the conviviality, at least when George W. Campbell director of student activities at the Y. M. C. A. college, asked the fathers and sons to show their appreciation to the ladies, enthusiasm was not lacking.

Maybe it was the sentimental songs played by the Boys' club orchestra that took "dad" off his guard. Or possibly it was hearing Mrs. Katherine Bly Utesch sing a tyrolean yodel, or Ted Barg sing the ballad, "I Love You," that moved the elderly men to think that they could emulate the talent of these songsters, anyway when Campbell, the apostle of pep from the Y. M. C. A., exhorted, they sang.

With the assistance of a wardrobe borrowed from the audience Mr. Campbell put on a sketch of three characters all played by himself. It rocked the house. Then the Soper twins from Club No. 5 rendered a cornet duet that was worthy of more mature players.

The toastmaster, Harold Fax, introduced Judge Frank P. Sadler as the speaker of the evening, who took as his subject, "The American Boy." Judge Sadler admonished the fathers to allow the boys plenty of time to play, and reminded the sons that there was also a time for study and work if they would succeed in life.

"Build character," he urged, "if our American civilization is to endure."

Norman E. Cook, director of the club, ended the celebration by expressing the hope that next year it would be held in larger quarters. He voiced regret that only 200 could be admitted this Thursday and it had been necessary to turn so many away.

HEART ATTACK KILLS SERGEANT WELLING

Suddenly afflicted with heart trouble, Frank C. Welling, 5800 Campbell st., a sergeant at the Marquette police station, died shortly after complaining of illness upon his arrival at the station Tuesday. Previously he had not been troubled with the malady, friends said. Medicine had been sent for to relieve him of his pain but he fell to the floor dead before aid reached him.

He was 44 years old and had been a member of the Chicago police force for sixteen years. He belonged to the Policemen's Benevolent association. He had been a patrolman and a uniformed sergeant and had been in service at the detective bureau, and Lawndale and Austin stations before being assigned to Marquette station three years ago.

Besides his mother, Mrs. Anna Welling, he is survived by three brothers, Stephen, James and Peter, and two sisters, Mrs. Margaret Wantz and Miss Clara Welling. Funeral services were held Wednesday morning at 9 o'clock from his mother's residence, where he made his home, to St. Clare of Montefalco church. Burial was at St. Mary's cemetery.

Mizpah Commandery, of the South Side Masonic temple, 64th and Green sts., will hold annual services at the Drexel Park Presbyterian church, 64th and Marshfield, at 3 o'clock Easter Sunday afternoon.

The commandery will parade with their band from 64th and Green down 64th st. to the church. With over 500 members, Mizpah Commandery always has a good percentage in attendance at these services. The Imperial quartet will sing, with George Reese as soloist, and the Drexel Park choir will render one number.

UNITED CHARITIES ASKS AID IN ELIMINATING ORGANIZED BEGGING

BOARD OF SOUTHWEST DISTRICT ASSOCIATION HEARS REPORTS ON IMPROVEMENTS

Professional begging by members of a syndicate operating throughout Chicago has become so extensive that the United Charities has inaugurated a campaign to check it. At a special meeting of the board of directors of the Southwest District Improvement association, held Thursday, April 10, Martin H. Bickham, special representative of the United Charities, outlined the activities of the syndicated fakers, and asked the business men and residents of Southtown to co-operate with his organization to remove this needless drain on the average pocketbook.

Mr. Bickham stated that the United Charities has a representative to investigate every appeal for aid. He promised that if a resident of Southtown who is approached either on the street, in his place of business, or at his home by a beggar, will call his organization this representative will be despatched to investigate the case. If it proves worthy, the United Charities will give assistance. If, on the other hand, the beggar is a fraud he will be prosecuted to break up the ring.

Andrew Metz, secretary of the association, read a letter from A. B. Wight of the board of education offices stating that a new building for the Earle school branch at 61st and Maplewood would be given due consideration when the 1924-25 budget is made up. Since the letter was written word has been received, through Alderman Thomas F. Byrne to the effect the budget, as it now stands, carries appropriation for the school.

A letter from the board of local improvements stated that the hole in the street at 63rd and Western, which has caused so many broken springs, has been repaired. Communication from the South Park commission gave assurance that a watcher has been stationed at 31st and Western to check up on traffic there. When he reports, a conference will be held by the South Park commissioners with the Chicago Surface Lines, the Sanitary District trustees, the West Park commission, and the Board of Local improvements to decide upon a cure for the traffic jams that occur at this point every Sunday.

AUTO RAFFLE TICKETS SOLD TO MERCHANTS

Canvasses of merchants in West Englewood were being made Wednesday by Henry P. Bergen, Joseph Frank and C. A. Deneen, to sell books containing automobile raffle tickets for merchants. Each book has in it 1,000 raffle blanks. They were disposed of only to members of the West Englewood Business District association.

Before the morning was half over seventy books had been sold. Reports of all committees concerned with the giving away of the machine will be heard at the next meeting of the association Monday noon at 12:15 o'clock in the Jong Mee Lo cafe.

Efforts are being made by Frank McGarr, president of the organization, to interest property owners in membership. To this end, the association will solicit memberships in West Englewood in an intensive campaign in the near future. Use will be made at that time of a mailing list Mr. McGarr is having twelve men compile by house to house visits.

BIRTHDAYS COINCIDE TO DAY AND HOUR

Old Dr. Stork won't stand for late trains when he calls on the James Holes family at 5952 Hermitage ave. Punctuality is his pride. Within fifteen minutes of the exact hour and day of the month that their first child, Marjory, was born two years ago, Mr. and Mrs. Holes became the happy parents of a second daughter, April 6.

The new little girl will be named Ruth Lucey.

Just before closing time Saturday night a lone bandit entered the Atlantic and Pacific Tea store at 1278 W. 72nd st. and held up Albert Beckman, 4518 Indiana ave., the manager. Collections of the store's receipts had been made and the thief obtained only $10.

HIGH SCHOOL STUDENTS PLAN CLEAN-UP WORK

Four Minute Speakers to Spread Gospel of City Beautiful

Speeches at community centers on subjects relating to the "Clean-Up, Paint-Up" campaign will be the contribution this year of Lindblom high school students to the city wide drive for the improvement and beautification of Chicago carried on each spring by high schools co-operating with the Civic Industrial clubs committee of the Chicago Association of Commerce.

Practicing what they will preach, a active clean-up campaign will be launched by Lindblom scholars around their own school building premises during the time between April 21 to May 3.

"Girls will co-operate with the boys to make this campaign a benefit to our institution and to the community in general," said Miss Mary Courtney, dean of girls. Lindblom school girls also will take part in the speechmaking, urging cleaner and more attractive premises. The school is seeking to make its pupils missionaries in the cause as well as audiences which will listen to talks at Lindblom on the importance of the "Clean-Up, Paint-Up" drive.

The school will enter the contest for the prize which annually is presented to that institution doing the most to improve the appearance of its neighborhood and community. Students have made posters advertising the event, which have been placed in the corridors. There will be an assembly called at which the significance of the campaign will be pointed out.

Boys in the English classes at Tilden Tech are being groomed as four-minute speakers to help bring the silver cup offered by the Association of Commerce to Tilden as a companion for the silver trophy won in the same campaign last year.

The four-minute speakers will address fraternal organizations, business men's associations, Lions clubs, Kiwanis clubs, and other gatherings where a number of people are present, urging them to participate in the movement. A room captain has been appointed for every room in school, and once a week during class hours he outlines the work to the students. The room captains meet once a week and P. M. McCann, instructor of Mathematics, who is in charge of the campaign at Tilden, posts them on how to conduct their drive to the best advantage.

Every school in the city will compete in the campaign. Besides the silver cup there is a second and a third prize which are sums of money which will be used for any purpose the school winning them may designate. There is also a prize for the best "before and after" picture.

MALES LOSES $385 TO AUTO BANDITS

Representing themselves as government officers three bandits stopped Stanley Males, 5747 Washtenaw ave., on his way to work in his car at 49th st. and Western ave. Tuesday morning.

One of trio took the wheel of Males' car after he was forced into the bandit car at the point of guns and together the two machines drove off. Males was taken to 29th st. and Crawford ave. and there was robbed of $385 and thrown out of the car.

HOLD CAR CONDUCTOR FOR MANSLAUGHTER; WOMAN IS KILLED

TESTIFY HANLEY PASSED CROSSING AT TWENTY MILE RATE

Basing their action on a city physician's report that Thomas Hanley, motorman, 5937 Honore st., was intoxicated when his street car ran down and instantly killed Mrs. Mary Fox Sunday night as she was returning from church, a coroner's jury held the man to the grand jury for manslaughter Tuesday afternoon, after lengthy deliberation.

Testimony given at the inquest held in the Kenny Brothers' morgue April 15 from 10 o'clock in the morning until 1 o'clock in the afternoon, brought forth statements to the effect that Hanley's street car continued on its way after hitting the woman, and that when the accident happened it was being operated at the rate of twenty miles an hour, instead of eight miles, the speed required by law, for cars crossing street intersections. Hanley was arrested by police when his car reached Grand blvd.

J. J. Dedrick, deputy coroner, conducted the inquest. Half a dozen witnesses testified. Several of them had furnished police with Hanley's car number when he failed to stop.

Mrs. Fox, who was 65 years old and made her home at 904 W. 51st pl., was struck by the car as she was crossing the thoroughfare a few hundred feet west of Halsted, on 51st. She was knocked aside by the conveyance, which was eastbound, and one entire side of her body, from skull to limbs, was crushed, causing instant death.

She was a widow and is survived by one daughter, Mrs. C. Horan, and a son, William Egan. Funeral services were held from her home Wednesday morning at 10 o'clock to St. John the Baptist church, which she had attended but a few moments previous to the fatal accident. Burial was in Calvary cemetery.

COMPLETE PLANS FOR OLDER BOYS ANNUAL CONFERENCE SATURDAY

EXPECT 200 TO ATTEND; VOCATIONAL CONFERENCES WITH LOCAL BUSINESS MEN

Two hundred older boys are expected to attend the fifth annual Older Boys' conference of Greater Englewood the coming Saturday, April 19, at the Ogden Park M. E. church.

The conference opens at 3 o'clock when Robert Vernon, field secretary for the Y. M. C. A. college, will speak on, "What Shall I Do About My Vocation?" At 4 o'clock the vocational interview will begin. Each boy present will be given an opportunity to speak with a man who is familiar with the kind of life work in which the boy is most interested.

About twenty-five business and professional men of the district will be present to do this interviewing, including William F. Friedeman, H. W. Messenger, D. L. Shillinglaw, W. C. Oxnam, F. B. Post, C. W. Schrock, W. A. Barnett, H. A. Schmitt, and others.

The conference dinner will take place at 6 o'clock. Dr. C. C. Travis, pastor of the Englewood M. E. church, will act as toastmaster. Charles ("Chuck") Palmer, noted football, baseball and basketball star from Northwestern, and now coach at Englewood High schoo, will speak on "Life: My Civic Responsibilities." George W. Campbell will be the conference song leader, and the "Y" College quartet will sing. At the closing session at 8 o'clock, Loyd I. Walker, state boys' work secretary for Illinois, will speak on, "Life: How Shall I Use It?"

The conference is open to all the boys of the Greater Englewood district between the ages of 15 and 21. "Clean Living" is to be the key-note of the conference, according to Ray Johns, local Hi-Y director. It is promoted by a committee of older boys representing the various Sunday schools and Hi-Y clubs of the district, under the leadership of the Englewood department of the Y. M. C. A.

MRS. MOSES RE-ELECTED HEAD OF LAWN CLUB

Years of Progress Shown by Woman's Organization Reports

It is the season of "annual days" for women's clubs of the district. A number of organizations have already held elections while others are planned for the coming week.

At the annual meeting of the Chicago Lawn Woman's club held Tuesday afternoon at the Masonic temple, 62nd pl. and Homan ave., Mrs. Elizabeth Moses, 3644 W. 64th st., was re-elected to the presidency. The first vice president, Miss Nettie M. Seward, 3647 W. 61th st., was also re-elected.

Mrs. Ethel Barber, 10607 Prospect ave., was chosen second vice president; Mrs. Frances S. King, 3719 W. 63rd pl., corresponding secretary; and Mrs. Anne Jones Roberts, 3509 W. 65th pl., treasurer.

A notable re-election was that of Mrs. Lenora F. Cravener, 3401 W. 63rd pl., to the recording secretaryship. Mrs. Cravener has served in that capacity since 1909 and, although she did not hold the office during the first year of the club's existence, has served under every president the organization has ever had.

The historian for the coming year will be Mrs. Ida M. Arthur, 3258 W. 64th pl., and the parliamentarian will be Mrs. Flora Turney, 3703 W. 63rd pl. Appointments were made of delegates to the various affiliations and departments.

Finances Good

The annual reports of standing committee chairmen, department heads, the secretary, and treasurer, showed that a great deal of outside work has been accomplished. Much assistance has been given the development of Oakhaven Old People's home and subscriptions have been made to child welfare, the United Charities and Boy Scouts, in addition to local charity work.

Nevertheless, the club's finances are in better condition than they have been for some years and it will be possible to add a generous sum to the savings account. Effort will be made during the coming year to proceed with the development of club house plans, a project which was sidetracked by war work.

The club will have two more meetings under present officers. Plans have not yet been formed for the festivities which will close the year's work.

The Hamilton Park Woman's club is now entering upon a new presidential regime under the able leadership of Mrs. J. R. Newton. Success has always culminated the many big ventures that Mrs. Newton has undertaken and members of the club feel assured that she, like her predecessors, will prove a president of whom they may well be proud.

The annual club election, April 1, resulted in the re-election of Mrs. Edward A. Metz as second vice president; Mrs. Fred M. Rosseland is the new recording secretary; Mrs. Edward S. Simmons, assistant corresponding secretary; Mrs. Edward L. Cornell and Mrs. George S. Steele, directors at large. Officers whose terms hold over for another year are, Mrs. Lou B. Naylor, first vice president; Mrs. D. F. Strobel, treasurer; Mrs. F. W. Waterman, corresponding secretary.

Vote On Chairmen

This year the names of the program chairman, chairmen of the departments, and chairmen of standing committees who all hold office by appointment, appeared on the club ballot for the indorsement of the club body. The list is as follows: Chairman of program committee, Mrs. Floyd D. O'Brien; chairman art department, Mrs. Leonard C. Reid; chairman literature department, Mrs. F. B. Handy; chairman music department, Mrs. Thomas Thomas; chairman applied education and public

REPORT INSTALLING OF STREET LIGHTS

Lights have been installed on 69th st. between Ashland ave. and Justine st. by residents and business people of that vicinity who are co-operating in the better lighting campaign the Englewood-on-the-Hill Business Men's association is sponsoring.

Extension of the lighting system on 69th st. from Justine st. east to Loomis st. was promised at the meeting of the association Wednesday night in the Thomas Crane hall, 69th and Justine sts. Reports on the matter were made by the chairman of the lighting committee, John T. Hall.

Members are being added to the organization rapidly, according to the membership committee's chairman, J. L. Monahan.

Street repairs to be obtained in the near future were discussed at the meeting. Plans were also made for a social gathering to be held after Easter by the association.

FIREMEN GIVE BANQUET FOR PROMOTED CHIEF

Promotion of James J. Rowley, 1704 W. Marquette rd., for twenty-five years a member of the Chicago Fire department, from captain to chief of battalion 26, was celebrated by his associates and business friends Saturday night.

Firemen prepared and served a banquet in his honor at the headquarters of hook and ladder company, No. 33, 45th st. and Marshfield ave., where he has been stationed four years. Guests numbered over 500. Six courses were included in the menu.

John Culbertson, fire commissioner, spoke on the new chief's honorable record as a fire fighter. Others who talked were Aldermen Terence F. Moran and Oscar F. Nelson, and Judge James J. O'Toole.

Songs and stories added to the entertainment and music was furnished by a five-piece orchestra. Among the gifts presented to the guest of honor were a white helmet, rubber coat, and flashlight, insignia of the new position Battalian Chief Rowley has assumed. The presentation was made by his company.

WEST ENGLEWOOD MAN TO GREET CARDINAL

Appointments of Chicago delegates who will greet Cardinal Mundelein when he arrives home from Europe, the second week in May, include a West Englewood business man of prominence, it is understood. His friends have asked that his identity be withheld a week until official confirmation is made of his selection as a member of the welcoming committee. The delegation will be part of 100 churchmen and laymen, including Monsignor E. A. Kelly, that will accompany the cardinal on his home trip here.

Priests of the West Englewood district are awaiting instructions from headquarters that would authorize them to organize their parishioners for the demonstration that will take the form of a gigantic parade when the newly created cardinal makes his appearance in Chicago May 11.

He will arrive at the 63rd and Leavitt sts. station by way of the Baltimore and Ohio railroad at 3:20 o'clock in the afternoon by daylight savings time. Felicitations will be tendered him, following which he will be driven from the station to Garfield blvd., east to Michigan blvd., then along Michigan to Roosevelt rd. Along this line of march leading to the cardinal's palace on North ave. will be official delegations from local churches.

SEEK MISSING MAN ON MURDER CHARGE

Recommendations were made that Anton Cuffs, 1634 W. 56th st., be apprehended and held to the grand jury on charges of murder by the coroner's jury at the inquest held Wednesday of last week at the German Deaconess hospital for Nicholas Geroniolus, of the same address, whom he murdered.

The men were partners in the Boulevard restaurant at 5510 Ashland ave. and Tuesday noon, when the restaurant was crowded with patrons, Cuffs fatally stabbed Geroniolus and made his escape. It is believed that he took his wife and daughter with him and made his way to Gary, Ind., but police have been unable to apprehend him.

FORM BUSINESS ASSOCIATION ON WEST 63RD

Irving Dresser Elected President, Halvorsen Vice President

Organization of a business association for the Kedzie ave. and 63rd st. district was completed at a meeting of over fifty professional and business men at the Marquette theater Wednesday afternoon.

Plans for the formation of such an association had been under way for some time, a committee of ten representative business men having been appointed to make plans at a banquet celebrating the opening of the Marquette theater. The committee was composed of Fred Halvorsen, Isadore Braverman, Anthony Dixon, Dr. Robert C. King, William Scharf, Harry Powers, William Leslie, Sam C. Meyers, Richard DeKoker and Ezra Kabacker.

These men made an investigation of the methods of the various other business associations throughout the south side for the purpose of patterning their association after the others.

The by-laws of the West Englewood Business district association were chosen as most fitting the needs of the new association and it was moved that under these, with some revisions, the new organization would operate.

After much discussion the name Chicago Lawn-Marquette District Business association was officially chosen. The association will include in its members business men located on 63rd st. from California ave. to Hamlin ave. and on Kedzie ave. from 58th st. to 67th st.

Irving Dresser was elected president and Fred Halvorsen was chosen as vice president. As Ezra Kabacker and Dr. Robert C. King were the only nominees for secretary and treasurer, respectively, a single ballot was cast making their election unanimous. Members present were almost unanimous in choosing William Scharf for president and a motion was made that the nominations be closed when his was the only name offered. However, he declined, stating that he would leave the city shortly on an extended vacation, and also because his duties as secretary of the Marquette Park Improvement association would interfere.

Because of the small number present, the newly elected president thought it inadvisable to name committees and asked the original committee of ten to meet next Wednesday at the theater to revise the by-laws and make plans for the next meeting which will be held before May 1.

COMMANDERY 59 WILL MARCH AS REGIMENT

Formed as a regiment of three battalions with four companies, each with staff, field and line officers, and preceded by its own band and field music, Englewood Commandery No. 59, Knights Templar, will march to Thoburn Methodist Episcopal church, 64th and Paulina sts., at 3 o'clock Sunday afternoon to attend Easter services there.

It is claimed that this is the first time a single commandery has appeared in public in regimental formation. The Englewood Commandery, with nearly 2,000 members, is the largest in the state and claims to be the second largest in the world. The Commandery band has 150 pieces.

The Knights will assemble at the Englewood Masonic temple at 1:30 o'clock and the parade will form at north Normal pkwy. and Stewart ave. Line of march will be north on Stewart to 64th st. and west on 64th st. to the church.

Officers of the regiment are William E. Boynton, regimental commander; Edgar James, lieutenant commander; Arthur N. Evans, chief of staff; Hugh C. Robinson, regimental adjutant; and Harry M. Hallenbeck, regimental sergeant major.

Past commanders, who will serve as an honorary staff are: Frank M. Hallenbeck, aide de camp; Alfonzo E. J. Du Vol, bannerette bearer; and Edmund K. Havice, bugler.

BURGLARS ESCAPE WITH RADIO SET

Disconnecting a five-tube radio set from the batteries and loud speaker, burglars who entered the home of Chester N. Sells at 6628 Campbell ave. Sunday night added it to their loot.

The set, which was constructed by Mr. Sells who is an electrical engineer, was highly valued as it contained two telephone transmitting tubes that were used for amplification.

Entrance was gained to the house by forcing the rear window while the Sells were visiting at the home of Arnold Heeren, 7251 Prairie ave.

The house was ransacked, the bureau drawers being pulled out and their contents strewn on the floor. In addition to the radio set, the thieves took a diamond stickpin valued at $75 and a box of cigars but overlooked the silverware and a watch that were in the buffet and considerable cash that was in the house.

WATCHMAN FOUND DEAD AT HIS POST

Patrick McMahon, 60 years old, 5702 Racine ave., night watchman at the Loomis blvd. crossing of the Panhandle tracks was found dead in the flag house, supposedly of heart disease Wednesday morning, by Louis Comes, 1254 Harrison st., the day flagman, who came to relieve him. The Englewood police notified the coroner's office and a death certificate was issued. There will be no inquest.

The Southtown Economist is published in three editions. The West Edition delivered every Thursday, carries the news of West Englewood, Ogden and Sherman Parks, Englewood-on-the-Hill, Marquette Manor, Marquette Park and Chicago Lawn.

The columns of the Economist are for the use of its readers. Personals, social and organization news, church notices, etc., if bearing name, address and phone of sender, will be published free of charge. Copy must reach the office not later than noon Wednesdays.

To those not in the distribution territory and unable to call at the office, the Economist will be mailed for $1.50 per year.

Indeed, what is there that does not appear marvelous when it comes to our knowledge for the first time? How many things, too, are looked upon as quite impossible until they are effected?

—Pliny the Elder.

GO THOU AND DO LIKEWISE

That example is more efficacious than precept is a truism few would care to attempt to dispute, and one of the tragedies in the life of a newspaper is the fact that all too often it is confined, by the very nature of its field, to verbal beratings when it's fairly itching to get out and show 'em! We can't, therefore, resist the temptation of calling the attention of our public to one instance, at least, where the Economist has become busy and set a worth while example.

During the past week we've had the front and side yards of our new and modern home at 728 W. 65th st. planted with a variety of shrubbery and trees and as soon as needed sidewalk repairs are made the remainder of the space is to be seeded to grass. If the promises of the landscape gardener and the intriguing little green shoots on the clipped stalks in our new garden materialize, we'll have a little natural beauty spot this summer and throughout the summers to come that, for its size, not even a private home in all Southtown, to say nothing of a business block, can excel.

We're not ashamed to brag about it or to urge others to "go thou and do likewise." So much can be done for civic improvement and beautification through development of landscaping possibilities, and through flower culture, that it is a duty we owe our community.

Local high schools are busy planning for the annual "Paint-up-Clean-up" campaign to open April 21 under the auspices of the Chicago Association of Commerce. The campaign is a fine one, and worthy of every encouragement and co-operation. The high school boys and girls are seeking ways to encourage residents of their communities to remove and burn accumulated trash and rubbish, and clean up yards and alleys, streets and sidewalks. They are urging the repair and painting of fences and porches, the providing of garbage receptacles with proper covers. If residents and business people throughout our district will co-operate, and even do a little "paint-up-clean-up" work on their own initiative, an incalculable amount of good can be accomplished, and the sanitary conditions in our section bettered 100 per cent.

But why not broaden the scope of the campaign? Why not call it a "Paint-up-Clean-up-Plant-up" drive? Or perhaps we would need to say "Plant-Down"! Anyway, too much stress cannot be placed on this important phase of civic betterment work, and now is the time of year to take action! Take an observing look around your own place, whether it be a home or a business building, and see if there are not a few feet of ground somewhere that would become a beauty spot if planted and watered and cared for throughout the summer. Just a little interest and co-operation and our part of big, dirty Chicago could become a veritable garden.

BEGGING NECESSARY?

The plea made by Martin H. Bickham of the United Charities before Southwest District Improvement association board members last week for assistance in efforts being made by his organization to eliminate the professional beggar from Chicago city streets is one that should be given serious consideration by the general public, for without co-operation from the public the campaign will be non-effective.

That it is heartless to deny unfortunates the privilege of asking alms may be the first reaction to the idea. But consider. Among the worthy needy whose circumstances you happen to be personally familiar with, how many resort to street begging? Investigations have proven that those who do are chiefly professionals who have found that appeals to the sympathies of a gullible public are more lucrative, as well as requiring less effort, than is the earning of a living through honest toil.

Infirmities that are brazenly faked, or infirmities that are capitalized where they might be cured or bettered through treatment at one of the public or private agencies the city affords, have been repeatedly found where cases were investigated.

It is not a question solely of the injustice done to a duped public, although you and I as a part of this public cannot help but consider that phase, but the moral issue involved in the perpetuation of homes "organized on a basis of deceit in which children live in a feted atmosphere of excitement, lying and chicanery," the homes of these men and women and children who seek to enlist our sympathies and our quarters, is a tremendous one.

We do not advocate the turning of a deaf ear to the cry of want. Far from it. But such is human nature that a certain percent of mankind, lacking some element of initiative, will be parasitic if allowed to be. Investigation of individual cases is the only solution and if you are not in a position to make this investigation yourself, you should turn the case and your alms over to agencies in a position to do so.

EASTER

By the Rev. E. V. Griswold, Pastor St. Matthew's Church

Easter is one of those contagious days in which the most indifferent and ignorant can hardly feel the stimulus of, and catch the spirit of, without being aware of its meaning or significance. If a stranger who knew nothing of American history should walk our streets on the Fourth of July, and see the signs, hear the sounds, and feel the vibrations of patriotism, he could make a pretty close guess as to what it all meant.

The law of demand and supply adjusts itself naturally and almost automatically. The human need for the spirit of Easter was so great and compelling that the old Sabbath was transferred to Sunday, and every Sunday became a weekly Easter. The old Sabbath was Saturday. Because of its greater significance in the life of Christians, Sunday gradually took the place of Sabbath, and the first day of the week took on a sacredness and a significance which the seventh day did not have. Sunday became distinctly a Christian religious festival, a day of gladness and joyousness, because of the fact and the certainty of the Resurrection.

It is a commonplace to say that the practical value of anything depends upon the use we make of it. Easter is a day of flowers and sunshine and life more abundant. It dispels the gloom. Easter has a significance only for those who believe in the higher spiritual life and immortality. To such it comes with an ever-widening, ever-increasing ray of hope that breaks through the deepest despair and the darkest gloom. Happy is the man who sees the flowers and the sunshine, and makes every day an Easter.

GOOD TURN BANNER GOES TO TROOP 631

The D. S. Wentworth community good turn banner for the month of February was awarded to Boy Scout Troop No. 631 of the Atonement Evangelical Lutheran church, 70th and Laflin sts. Carl F. Sandberg is Scoutmaster.

Among the good turns reported by the troop were the playing of their violins by two members at the Old Ladies' home on Washington celebration at school. One Scout stayed home from the troop hike to take care of his little brother and sister. One Scout put out a fire in an alley. Another noticed after he had walked a block away from the store that the storekeeper had cheated himself, so the Scout walked back and gave him the change. A number reported that they had shoveled snow and cleaned ice from the sidewalks and helped with the dishes and cooking at home. One "stopped a out of a hole in the ice, another "did light another helped a little boy the dusting and shined the silver'

Shelter
One of the primary instincts of humanity. Modern civilization has refined shelter to the point where it must include pretentious buildings with heat, running water, spacious rooms and expensive furniture and rugs.
Spring is the season of the year when man's inherent longing for a home takes full possession. This desire is as natural as the desire for food or clothing. The possession of good clothes increases a man's respect. The possession of a good home acts like a tonic to the whole family. It increases not only self-respect but the respect of neighbors and acquaintances for you.

SENTENCE CHOLLY TO ONE TO FIVE YEARS

A sentence of from one to five years in prison was given Julius Cholly, 7021 Wood st., whose attempted attacks on two local women a year ago horrified residents of Auburn Park and Gresham, in Judge Cavanagh's court last Thursday.

Cholly was identified by Mrs. Frieda E. Brainard, 8108 Winchester ave., as the man who had accosted her at 79th and Paulina the evening of March 10, 1923, and, when she resisted, he threatened her with a razor. Mrs. Brainard escaped uninjured, but later in the evening Mrs. Helen Horaistes, 8507 Bishop st., was accosted at 85th and Ashland, by the same man.

When she screamed, Cholly struck her over the head with a piece of lead pipe and slashed her diagonally across the face, from the left eye to her nose, with a razor. When Cholly was picked up by police a little later the razor was on the ground near him and a piece of lead pipe was in his pocket.

Easter Togs for Men

A man's suit plays a big part in his appearance. However, (and though few people realize it), the furnishings he wears are of even greater importance. A very ordinary suit can be made to look exceptionally well if the hat, shirt, tie and shoes worn with it are snappy and up to the minute. On the other hand, an out-of-date hat, a worn shirt or a freak tie will absolutely kill the effect of a fine looking suit.

We are showing a fine line of quality furnishings for Easter. Come in and see what we have

PHILLIPS TAKES LEAGUE OPENER FROM LINDBLOM

Eunson Blows Up In Second Frame and Six Runs Are Scored

Lindblom was humbled, 7 to 1, in their opening game of the league season Tuesday at White City when Eunson lost control of the situation in the second inning and allowed six runs to cross the plate.

With the exception of demonstrations in the first and second innings, Lindblom failed to look like last year's champions. They gathered only two hits off the slants of Williams, the dusky hurler, and both of these were for extra bases. Mathy doubled with two out in the first frame and was left stranded on the keystone sack. Lindblom's lone run came in the following inning when Conrad tripled driving home Wahlen who had got to first on an error. After this Lindblom never made a hit.

Eunson went to pieces in the second run by hitting Porter with a pitched ball. He walked Long, and Williams filled the sacks by getting to first on an error. Another error allowed Gage to get to first and drove home one run.

Then Lyda walked and another run came in. Johnson's single brought in two more tallies and then Higgins made the first out on a fly. Smith doubled for two more runs and Biehl was sent in to relieve Eunson. Biehl came safely through the inning when Simpson was put out at first and Porter was thrown out on a bunt.

Phillips' remaining run came in the fourth round when Simpson knocked out a long single which he stretched into a circuit trip when Mathy errored.

TRIANGLE NUMBERS NOW ON PHONE LIST

Triangle, the new exchange of the Bell Telephone company to supplement the service now given by the Stewart and Vincennes exchanges, was opened April 1 on which date the assigning of numbers began. Only sixty numbers now bear this prefix but more will be added when new lines are required.

It was first believed that the new exchange would not be opened until June when the new directories are issued, but the demand for additional service that the Stewart and Vincennes exchanges were unable to handle made the opening before that date necessary. No numbers now bearing either of the two older prefixes are being changed, the Triangle prefix being kept for new service.

TRYOUTS TO BE HELD SUNDAY FOR BERTHS ON Y. P. CLUB NINE

TEN VETERANS WILL REPORT FOR PRACTICE AT WASHINGTON PARK

Candidates for berths on the Young People's club of Englewood baseball team will be given tryouts Sunday morning at 10:30 o'clock at Washington Park when the team will hold their first practice. This organization has completed a successful year in athletics and is looking forward to having a strong team on the diamond this season.

From last year's nine Al Simons, Irving Seinberg and Al Frohman are still with the club and they will make up the outfield. The Guberman brothers, Dave and Sam, and Paul Mallace, the last years men who held down infield positions and will again be with the team and Vinick, Caspar, and Connon are out once more for a trial of duty.

Elliot Hasen, the manager of the team will again try out for the back stops berth. "Lefty" Berenstein, Mortimer, Hochbe and Sam Goldman of the Washington Park chapter of the Builders are likely candidates, but a few more recruits are wanted to build up the squad.

Those who desire to try out are requested to call Hasen at Englewood 2913. The team has scheduled their first game for May 18 at Washington Park when they will clash with the Washington Park Braves.

WALTONIANS OF SOUTH SIDE HOLD BANQUET

Many local folk attended the meeting Wednesday of last week at the Hotel Hayes dining room of the Woodlawn Chapter Izaak Walton League of America. There were present also representatives of the Fishermans club, the Illinois Baitcasting club and the Association of Anglers club.

A song especially written by Dr. Boyer for the occasion, opened the story telling program. It is to be the official song of Woodlawn Chapter.

Among the speakers and entertainers were Campbell Mattie, Frank J. Lane president of the Association of Anglers club, H. M. Ogden, T. J. Niles and A. T. Brown.

BARNYARD GOLFERS TO CHOOSE OFFICERS

The Ogden Park Horseshoe Pitchers' club will meet at 7 o'clock Sunday afternoon at the Field house for annual election of officers. The Ogden club is one of the few organizations of its kind that continues activities throughout the winter, the indoor court in the north hall at the Field house making "barnyard golf" possible no matter how deep the snow.

A local outdoor tournament is being planned to follow the election. It is expected that Johnny Hogan, state champion, will be present. Anyone who wishes to do so may enter the tourney.

Out of the Rough

By Fred S. Clisbee

Article II

Owing to Marquette Park being closed this year to golfers the hundred thousand who teed off there during 1923 will have to find other courses to play. The Marquette Park club has arranged with the Hickory Hills club to play their tournament events over their course which is located at 95th st. near Keane ave. each Sunday morning.

Saturday and Sunday golf at Jackson Park this year is almost out of the question with most of the south side golfers. You can't beat those regulars and that means a six-hour wait or more. Still, some use the system of getting up or staying up with the early birds every other Sunday and registering for the following Sunday play.

However, the semi-public or daily fee course seems to be the solution for week-end golf.

Evergreen, a new course adjoining the Beverly Country club at 91st st. and Western ave., is probably the most accessible. I am told the course will open in good playing shape, the new green being especially good.

Dixmoor, at 175th st. and the Illinois Central tracks, will soon be ready to start its second year. The course failed to obtain a good start as it was not in very good condition last year but should be able to give some mighty interesting golf this year.

Hickory Hill starts on its second year with the regular greens ready for play. It has some tavines so get the old niblic ready when you go out there. The Palos Park Forest Preserve course west of Keane ave. on 107th st. will have the old ten holes ready for the start of the season with the prospect of opening the other eight holes in July.

There are several a little way out, but well worth the trip. Budlong Woods, Lincoln and Balmoral ave., Big Oaks at 6600 Lawrence ave., Mid City, Belmont and N. Western ave., and Harlem, at Roosevelt rd. and Hannah ave.

PROGRAM WILL END WOMEN'S GYM WORK

A big demonstration program in the field house will close, at 8 o'clock Monday evening, April 21, the indoor season of the womens gymnasium at Ogden Park.

The program, which is under the general direction of Miss Ellen Warner, gymnasium instructor, is free to the public.

Numbers to be given include "Butterfly Dance," Gladys Lindberg; "Egyptian Dance," Dorothy Snickers, "The Cash Girl," Vivienne Payette; "Dancing Soul," Marie Wegh, "Hush-a-Bye," Baby Class; "Tin Soldiers," 8 to 10 year old class; "Jazz Dance," Dorothy Childers; "Dancing Dolls," 11 to 14 year old class; "Belle of New York," Vivienne Payette; "Dumb Bell Drill," high school girls; "Colonial Dance," Gladys Lindberg and Dorothy Caraher; "Mighty Lak a Rose," and "A Kiss in the Dark," Victor Herbert.

MARQUETTE GOLF CLUB WILL PLAY AT HICKORY HILLS

OPEN EIGHTEEN HOLES WITH TEMPORARY GREENS NEXT SUNDAY

Marquette club golfers will make the Hickory Hills golf course at 95th st. and Keane ave. their home for the coming season, it was decided at a meeting held last Thursday night at the home of the club's president, Charles H. Wise, 6518 Whipple st.

Improvements that are under way at Marquette Park and the consequent impossibility of using the courses there made the finding of a new home necessary.

"There are other public courses we could use," said Mr. Wise, "but Hickory Hills will give us a sporty course and the possibility of working up an interesting tournament. Our members hold a number of trophies and we are anxious to start practice."

The Women's Golf club of Marquette is also arranging to use the course their tournament days, Wednesdays.

The Hickory Hills club was formed by Englewood and Windsor Park men on the closing of the old Windsor course. President Barry and James Dohney, secretary, formed a syndicate and purchased 118 acres of natural rolling turf. Eighteen holes will be opened with temporary greens next Sunday. The charge for play will be $1 Saturday and Sunday, and 50 cents during week days.

A novel arrangement is the selling of a book of six tickets for $5 good for play even on Saturday and Sunday.

HOLD TRYOUTS SUNDAY FOR WHITE ARROWS NINE

Twenty candidates are expected to come out for places on the White Arrows baseball team when the club holds their first practice Sunday. Competition for regular berths promises to be keen as the squad will be limited to the regular nine and five substitutes.

ST. RITA OPENS SEASON WITH ST. IGNATIUS

Prospects Bright for Year Although Weather Hinders Practice

Bad weather conditions have slowed up the spring training of St. Rita's college baseball team, but the new gymnasium is handy for giving the battery candidates a chance to work out. Ten hurlers and four receivers have been limbering up in the gym under the watchful eye of John "Lefty" Sullivan, former White Sox star, who is coaching the team.

With this slab material the prospects of developing some one to take the place of "Esky" Burke, who pitched St. Rita to the championship last year, seem bright. St. Rita already is planning for another title.

The squad of candidates was unusually large this year. Between forty and fifty prospects came out. Outside of the batteries very little practice has been obtained. In fact Father Harris has not been given a chance to make his selection for regular berths.

Under the prevailing good weather of the past few days the candidates have been working overtime on the school diamond. Most of the workouts consisted of fielding and batting practice although Father Harris put the squad through a severe drill in the art of base sliding. He wants no sprained ankles this year.

The schedule for the year, which began Wednesday with a home fray against St. Ignatius, is as follows: April 22, St. Rita at DePaul; April 25, St. Patrick at St. Rita; May 2, St. Rita at St. Philip; May 9, De La Salle at St. Rita; May 13, St. Rita at St. Cyril; May 16, Loyola at St. Rita; May 23, St. Mel at St. Rita; and May 29, St. Rita at Aquinas.

AUSTIN AND LINDBLOM DIVIDE TRACK HONORS

Austin took the measure of Lindblom's senior track team in a dual meet at Austin Wednesday by a 37½ to 33½ score, but the local juniors outclassed the west siders, 40½ to 13½ to split the bill.

Lindblom was able to land first place in only three of the events on the senior card. Kuhl finished first in the mile run. Olson led the field in the high jump and Stears won the shot put event, but a generous placing as runnersup by Lindblom left the west siders hard pressed.

Lindblom had things their own way and won first place in every event on the card except the high jump and had the shot put, relay and 220-yard events conceded to them. Hall led the scoring with 11½ points.

Coach Edgar Palmer is making arrangements for a triangular meet with Harrison and Englewood to be staged the latter part of the month.

TRIANGLES VANQUISH SPARKLERS, 18 to 10

Englewood Triangles, formerly St. Brendan's city champions, defeated the Sparklers, Sunday at the Wentworth field by an 18 to 10 count. The Sparklers used three pitchers, McDonald, Jacobsen and Kehoe, while the Triangles used Dooley and Joe Murray.

Score by innings:

Eng. Triangles .....233 012 241—18
Sparklers .....101 002 105—10

Home runs—Ward, Borrelli, Baxter, Dooley. Three base hits, Baxter, Ward, Joe Murray. Two-base hits, Buckley, Conroy. Struck out by McDonald, 1; by Jacobsen, 1; Kehoe, 2; by Dooley, 2; by Murray, 4. Base on balls, by McDonald, 2; by Kehoe, 1; by Murray, 1.

BOYS' CLUB WILL HAVE JUNIOR AND SENIOR LEAGUES

REGISTRATIONS OF TEAMS MAY NOW BE MADE; TROPHIES OFFERED TO WINNERS

Plans for junior and senior baseball leagues have been drawn up by Chicago Boys' Club No. 4, and applications are invited from managers having teams they wish to enter. Registration blanks can be had at the club house, 6405 Hermitage ave., according to announcements made by Norman H. Cook, club director.

Each league is limited to eight teams. The team limit is fifteen players, but five changes in players are allowed if made before the season is half over.

In the senior league a boy is ineligible if he has reached his nineteenth birthday by May 15. In the junior league he is ineligible if he has reached his sixteenth birthday before the same date.

All applications will be considered carefully. After eight in each league have been accepted, a conference of managers will be called, and a season schedule will be worked out. Play commences on May 15 and all games must be played by August 31.

The team winning first place in each of the leagues will receive a gold shield, and fifteen gold medals for individual players. League winners will represent the south side in the city series against the north and west sides. Another gold shield will be awarded to the city champions.

The second place teams in each league will receive fifteen silver medals for individual players. All trophies are donated by the Ennerson and White sporting goods house.

Editor Southtown Economist
Dear Sir:

I want to commend your editorial in the last issue of your paper, "Two-way Radicalism."

So far has newspaper terrorism progressed in Chicago, that even these common-sense statements of generally recognized facts may be sufficient to link you up in some way with the Soviet nightmare which pursues the Tribune both asleep and awake. I wish more editors had your courage.

While many who read such remarks as you quote feel disgusted with such insincere "piffle" the unthinking are dangerously influenced by the constant repetition of such ideas, hence the value of speaking out as you have done.

The wilful distortion of facts and the labelling of people with whom the Tribune does not happen to agree makes it look as if "The War to End War" had not been a success.

Yours sincerely,
E. B. NEWMAN,
10414 Prospect Ave.

Rules governing the contest are to be announced in the near future, and in the meantime Southwest District Executive G. H. Schultz is urging troops to begin their warbling practice.
